2026 GOLF CART PERMIT APPLICATION

The Port Royal Speedway golf cart permit remains the property of Port Royal Speedway and the Juniata County Agricultural Society, and is a privilege that can be revoked without cause. Guests shall apply for the golf cart permit by completing the proper paperwork and submitting proof of insurance and a yearly fee, at which time a permit will be issued. Please read the following requirements for a golf cart permit.

The insured listed on the proof of insurance should match that of the individual and/or company name on the application. Only golf carts will be permitted on JCAS property, and all golf carts will require a permit. The make, model, and serial number of the golf cart are required for a permit to be issued.

Golf cart permits are valid through the final event of 2026, the final day of your insurance coverage - until proof of coverage through September 2026 is provided - or if suspended by the speedway or law enforcement personnel.

You must have proof of insurance for your golf cart. Insurance is readily available through the same companies that provide your automobile and homeowner's coverage; in fact, you may already have it on your existing policy. Comprehensive coverage is available for individually-owned and operated carts, including: commercial general liability; collision damage liability; bodily injury and property damage liability; and accessory coverage. Golf carts owned and/or operated by businesses have access to commercial general liability, workers' compensation, and employer's liability.

The 2026 permit fee is \$25 per golf for seasonal campsite holders; \$50 for non-site holders. This fee is non-negotiable and payable to Port Royal Speedway at the same time as the application. Golf cart permits are not issued until paid in full. For security reasons, all permits must be affixed to the front windshield.
